

'Living Room Miniatures'

Netta Spiegel

Netta Spiegel is a vocal performer, conductor and composer. Her musical influences include Anglo-American folk, classical and experimental music.

Arranged, produced and performed entirely by her, *Living Room Miniatures* is Netta Spiegel's debut EP. The songs open up a delicate, intimate world of vocal harmonies in a mesmerizing crossroad between original folk inspired songs, a 16th century madrigal and a 19th century hymn, all weaved together into a timeless synthesis of old and new, nostalgia and freshness of expression.

Living Room Miniatures is a bittersweet anthology of lullabies for grown-ups that observe the world and the psyche with compassion and wisdom, transforming the living room into a dream-like space for consolation, recovery and healing.
